

EXPECTATIONS FOR HOMEWORK BOOKS

Here is a simple set of rules for keeping your homework books nice and tidy so that you have a book to be proud of.

1. Use a pencil for all writing. Please do not write in felt tip or pencil crayon unless you are creating a poster.

2. Write the date at the start and underline with a ruler.

3. If you stick anything into your book, stick it in nice and straight with none of the edges sticking out of the book

4. Use your best handwriting.

5. Remember to bring your homework books and any models you have made into school on the date it is due or before.

6. Ask for adult help if you need it.
