

Homework Learning Week Beginning 8.6.20

English Activity One

Complete one page of your SPAG book. Can you watch any videos on YouTube or find any PowerPoints on Twinkl to help you?

Maths Activity One

Practise the times tables that are in your home learning book. Don't forget to log in to times tables rockstars and practise them on here too. Make sure you practise the related division facts as well.

Science Activity

Find out how we are able to see different colours. Research Isaac Newton and colour wheels to help you.

English Activity Two

Choose 10 words from the book you are reading. Can you fill out a table like the one below exploring that word in detail?

Word	Word type	Word family	Definition	Synonyms	Antonyms	Use in sentence

Maths Activity Two

Tom and Eve make a 3-digit number from these cards.

6

3

8

Tom makes the largest odd number possible
Eve makes the smallest even number possible

What is the total of their numbers?
What is the difference of their numbers?

Humanities Activity

Last week we completed an A-Z of countries. This week can you think of a town or city starting with each letter?

English Activity Three

Create a non-chronological report for the animal that you researched for World Oceans Day. Think about what information you might want to include and how you would want to present your facts so it is clear to the reader.

Maths Activity Three

$$\square + \square = 62$$

$$\square - \bigcirc = 19$$

$$\triangle + \bigcirc + \square = 68$$

Reading Activity

Monday 8th June is World Oceans Day. Choose one creature that lives in the ocean and research it. This will help you with English Activity Three.

$$\square - \triangle = 6$$

Work out the value of the rectangle, circle and triangle.

Transition Activity One

End of Year 6 Reflections...

Think back over your time at Beechwood. Can you think of a special memory that sticks out in your mind from each year you've been at the school? This might be a bit trickier for when you were in reception and Year 1 but see what you can come up with!

Transition Activity Two

My secondary school

What information can you discover about your secondary school? Use their website to see what you can find out about the school such as the building, the lessons and the timetable for the day. Furthermore, can you work out your route for how to get there?

Transition Activity Three

Create an 'All About Me' poster with things you might want to share with your high school. What is your favourite subject? What would your dream job be? If you could have a superpower then what would you choose?
