

Home Learning Activities - Week Beginning 13.7.20

<p>English Activity 1</p> <p>Beat the clock.</p> <p>See how many Year 1 common exception words you can read in one minute. Try each day to beat your score!</p>	<p>Maths Activity 1</p> <p>Explore number bonds to 10 or 20. How fast can you name all the combinations? An adult says one number and the child says the number pair.</p>	<p>Geography</p> <p>Find out some facts about Australia and display your information in any way you choose.</p>
<p>English Activity 2</p> <p>Go on spelling shed and play some games. I wonder who will get the highest score? There could be extra dojos on offer 😊</p>	<p>Maths Activity 2</p> <p>Make up your own addition word problems to solve using things that interest your child. <i>14 spacemen were in a rocket and then 12 more got on. How many were in the rocket then?</i></p>	<p>Reading Challenge</p> <p>Take the first letter of your name. How many words are there that start with this letter in your reading book? Write a list.</p>
<p>English Activity 3</p> <p>Use some of the spellings from Activity 2 and write them correctly in a sentence.</p>	<p>Maths Activity 3</p> <p>Use real shapes, objects, or drawings. Can you make a repeating pattern? Can you finish a pattern a grown up starts?</p>	<p>Science</p> <p>Take a fridge magnet. Explore items in your house to find out if they are magnetic or not. Create a table. Make a prediction and then test your ideas.</p>
<p>English Activity 4</p> <p>It's nearly time to start Year 2. Design your ideal classroom. What would you include?</p>	<p>Maths Activity 4</p> <p>Explore turns. Can you make whole and half turns with your body? Can you make an object do a whole turn or a half turn?</p>	<p>Geography</p> <p>Many people like to visit the Sydney Opera House in Australia. Can you draw a picture, find out some facts, make a model or ask some questions about it? You can choose your own task linked to the theme.</p>
<p>English Activity 5</p> <p>Write sentences to describe your ideal classroom and why it is a great idea!</p>	<p>Maths Activity 5</p> <p>Recap whole and half turns. The adult moves themselves / an object. Can you describe the turn your adult made?</p>	<p>Creative</p> <p>Can you make a musical instrument?</p>
